Ms. Ebic Fogal

European Training Foundation ETF

Dr. Munther Al-Masri was a friend of the European Training Foundation and an important contributor to the foundations work of the last decade, he was engaged in a large number of activities of the foundation in Jordan but also abroad in the middle east and in Europe and Dr. Munther Al-Masri was also a very well respected member and observer of the governing board of this European agency Foundation. He was an inspiration for people working in education and the labor market and a very highly respected person in this failed of work, we learned how much he was engaged in the reform of the technical education in training system in Jordan and how much important he gave to contributing to the development of qualified we work for to saved Jordanian interest.

All of the European training foundation staff has their greatest respect for him in facet when the news came that he passed a way, many people was surprised how many people personally knew him and really were in sorrow, we will miss him, and missed his generates nature, his sense of hummer, that he both brought—sun shine in to the dark Winters and Autumns in Joren in Italy. He was to all of us both a raw model and a very good friend. ETF has shared a large number of ideas with him. And the staff is learned a lot from his experience and his attitude, he was a convince—that a very convincing man with real sense of soul ,he will be remembered by all those he inspired, and we will all miss him from ETF "The European Training Foundation" the photo show you will see for a few minutes present some of the activities of Dr. Munther Al-Masri in Kiev—events, the song you will hear in the background—is based on a poem written by Dr. Munther Al-Masri. The song is written by my college Gerard Mayen, who worked for one year together very close with Dr. Munter Al-Masri, they became close Friends and the first public presentation of this song was in the same culture center on 28^{th} of June 2008 in the presence of Dr. Munther Al-Masri him Self.

Thank you.
